

ASSIGNMENT # 1

Subject: Microprocessor Systems

Batch: 14EL-B group

Briefly describe the followings:

1. Popular x86 and x64 microprocessors
2. ARM processor
3. Hyper Threading technology
4. Multi-core microprocessors
5. Multimedia Technology (e.g. MMX, SSE versions Instruction Sets etc.)
6. RISC vs CISC along with few processor names
7. Vandepool/Virtualization Technology
8. Enhanced Intel Speed Step technology
